Product Description

Top-quality Type 316 Stainless Steel Ring Shank Cedar Shake and Shingle Nails are ideal for the dependable application of cedar shakes and shingles. Mandatory within 15 miles of salt water areas as per the Cedar Shake and Shingle Bureau (www.cedarbureau.org) - and for applying pressure-impregnated preservative or fire-retardant treated shakes and shingles. (Check with treater for specific fastener requirements.) Type 316 Stainless Steel produces the most corrosion-resistant nails available - for a lifetime of worry-free service.
