MC-54

**WALL MOUNTED LAVATORY
SUPPORT WITH CONCEALED ARMS**

Specification: MIFAB® Series MC-54 wall mounted concealed arm lavatory carrier with lacquered, adjustable, ductile iron concealed support arms. Complete with fabricated steel wall plate, welded steel nipples with set screws, and fixture leveling and locking hardware.

Function: Used to secure the fixture to the wall in areas where a floor mounted carrier cannot be installed. Steel wall plate to be mounted to wall structure per site requirements (example: bolted, welded, anchored, etc). The wall structure must be strong enough to bear the weight of the fixture. The vertical load bearing components are concealed within the wall and the fixture carrier has no contact with the finished floor inside of the room.
