

PipeGuard

ROOFTOP PIPE SUPPORTS

No More Wood Blocks

The PipeGuard lineup of rooftop pipe supports is the roofing industry's preferred method of supporting smaller pipes. Nothing is as fast, easy or economical.

Features & Benefits

- Supports steel and PVC pipe, conduit and copper tubing
- Ideal for electrical, solar, gas, HVAC, etc.
- EPDM rubber bases prevent damage to roof membranes
- Triangle shape sheds water
- Will not deteriorate from water or sunlight exposure
- Wide platform base provides stability and balance
- Available in seven sizes for pipes up to 6 inches in diameter and heights up to 10 inches
- Strut Model and Height Adjustable Strut supports multiple pipes*
- Ask about custom capabilities
