APPROX. NAILS PER LB	212.0

Product Description

Maze-Yellow Plastic-Hed® Cap Nails allow for more nails per pound than metal cap nails. Siding nails drive right through the Plastic- Hed® nail caps to eliminate bending problems often encountered when a skinny siding nail strikes a metal cap. The annular ring shank holds tight, and the plastic head eliminates damage to roofing felt, housewraps and foam insulation. 200-ct. 2000-ct. 3000-ct. Bucket Bright

Disclaimer: This image represents an entire series of nails, so the length may not be the exact match to the nail in this spec sheet
